

Testimonial – Dr. Pratik Shete (Batch 2006)

It is a matter of great honor for me to be an alumnus of Dr. Vithalrao Vikhe Patil Foundation's Medical College & Hospital, Ahilyanagar. The institution has played a pivotal role in laying a strong academic and clinical foundation for my career in medicine.

The college continues to flourish under the capable leadership of Dean Dr. Sunil Natha Mhaske and Director Dr. Abhijit Diwate, whose vision and commitment towards excellence in medical education and patient care have greatly strengthened the institution's reputation and progress.

The campus of the institution is well-planned, spacious, and enriched with natural surroundings, providing a peaceful and motivating atmosphere that supports both academic learning and personal development of students.

One of the greatest strengths of the institution is its dedicated and knowledgeable faculty members, who continuously guide students through academic challenges and clinical training. Their mentorship, encouragement, and clinical expertise significantly contribute to developing confident and competent medical professionals.

The hospital also benefits from a large and diverse patient load, which offers invaluable opportunities for students to gain practical clinical exposure and hands-on experience in managing a wide range of medical conditions. This exposure is essential in shaping the clinical skills and decision-making abilities of future doctors.

The modern hospital infrastructure, well-equipped departments, and organized healthcare services ensure efficient patient care while simultaneously providing an excellent learning environment for students and residents.

Furthermore, the institution maintains a secure and disciplined campus environment, supported by effective administrative systems and safety measures that allow students to focus on their academic and professional growth.

My journey at this institution has been extremely enriching. The knowledge, clinical experience, and professional values I gained here continue to guide me in my medical career. I remain sincerely grateful to the institution for providing such a strong foundation.

Dr. Pratik Shete

DM Nephrology

Batch – 2006
